SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product

WARNINGS AND CAUTIONS

- Assemble the item on a soft, non-abrasive surface, such as carpeting, to avoid scratching the finish.
- May require two adults for safe assembly.
- Discard of all plastic bags immediately. Do not let children play with them as they pose a choking hazard.
- Do not climb or step on the whole unit! Heavy objects must be placed – not dropped- onto the shelves.
- Heaviest objects must be stored on lower shelves and lighter objects on upper shelves

PREPARATION

Before beginning assembly and installation of product, make sure all parts are present. Compare parts with package contents list and diagram above. If any part is missing or damaged, do not attempt to assemble, install or operate the product. Contact customer service for replacement parts.

- Estimated Assembly Time: 20 minutes
- No tools required for assembly.
- Helpful Tool: Rubber Mallet
- **Note: Black plastic discs between shelf collars are for packaging purposes only. They are NOT NEEDED. Discard upon assembly.**

Warning: Each shelf holds up to 350 lbs evenly distributed. Do not overload.

5-YEAR LIMITED WARRANTY

For 5 years from the date of purchase, this product warranted for the original purchaser to be free from defects in materials and workmanship through normal use. In order to obtain this service, please return this item to the place of purchase with valid proof of purchase and the defective product will be replaced at no charge. This guarantee gives you specific legal rights and you may have other rights that vary from store to store.

ASSEMBLY INSTRUCTIONS

Each POLE has slight horizontal line indentations at 1 in. intervals.

Each plastic tapered lock (B) has raised horizontal lines inside designed to lock them in place on the POLE.

On each POLE, place 1 pair of plastic tapered lock (B) at the desired level.

Please make sure the "UP" arrow faces up and the heights are identical on each pole for the same shelf.

Slide the plastic tapered lock (B) until you hear a click to confirm they are locked on the POLE.

Slide the SHELF over the POLE onto the pairs of plastic lock (B).

Make sure that the shelf corner cylinders are positioned over the plastic lock (B).
